I am passionate about creating web applications that enhance user experiences with MERN stack. With a strong foundation in front-end and back-end development, I excel at solving complex problems. Currently, I am expanding my full stack skills and contributing to projects utilizing RESTful APIs and modern frameworks.

## WORK EXPERIENCE

### React Developer

Jan 2025 - Present

#### QFLOO AI

bhimavaram, india

As a React Developer at Qfloo AI, I designed and implemented an automation tools website, creating a dynamic workflow builder and engaging landing pages. I also developed various tool pages, enhancing user experience and streamlining processes through innovative front-end solutions.

### AWS Cloud Architect Intern

Jun 2024 - Jul 2024

#### NIELIT

Bhimavaram, West Godavari

As an AWS intern, I gained hands-on experience deploying and managing cloud infrastructure using services like EC2, S3, and RDS, contributing to successful projects and demonstrating effective teamwork in these internship we developed a food order website and deployed it in AWS

## PROJECTS

### Realestate website [↗](#)

A full-stack real estate platform built with the MERN stack, enabling users to buy, sell, and chat about properties. Integrates Socket.IO for instant messaging and discussions between buyers and sellers while utilizing Prisma for streamlined database interactions, ensuring a seamless and user-friendly experience.

### next trendz [↗](#)

**Next Trendz** is an innovative e-commerce web application that offers a seamless shopping experience for the latest trends in fashion, electronics, home decor, and more. Developed with React, HTML, and CSS, it features a user-friendly interface and responsive design to cater to a diverse range of users.

### Movies Website

Developed a dynamic Movies Website using HTML, CSS, and React.js, allowing users to explore a vast collection of films. The site provides comprehensive information, including ratings, trailers, and additional resources, sourced through an API. It features an intuitive interface for easy navigation and enhances the user experience with responsive design.

### Jobby app [↗](#)

jobby app is a robust job search platform that provides users with a secure login experience and access to a wide array of job listings. Featuring a RESTful API, the application ensures efficient authentication and state management using JWT.

## SKILLS

**Frontend:** HTML, CSS, Bootstrap, Javascript, React.js, Next js, Redux

**Backend :** Python, Express, Node.js

**Databases: :** SQLite, MongoDB

**Version Control System:** Git

**Cloud: :** Amazon Web Services

**Other skills :** c, c++, Data Structures & Algorithms, Java, Linux, NumPy, OOPs

## EDUCATION

### B Tech(Bachelor of Technology) in Information Technology (IT)

Jan 2022 - Jan 2026

Sagi Rama Krishnam Raju Engineering College, Bhimavaram, West Godavari

GPA: 8.6 CGPA

### intermediate MPC

Jan 2020 - Jan 2022

SRI SARASWATHI JR COLLEGE, Ongol, Prakasam

GPA: 94.3%

### Secondary School Of Certificate

Jan 2019 - Jan 2020

Z.P.H.S HIGH SCHOOL, BAPATLA

## CERTIFICATIONS

Python programming by HackerRank

SQL and relational databases by Stanford Online

Cybersecurity by Cisco

Python basics data science by IBM
